Ajmer

# International Sufi Rang Festival

Conceived and Organised by  
Haji Syed Salman Chisty

Just as each exhibition has its own unique flavour, so too does each piece – be it ancient or contemporary, traditional or avant-garde, craft or calligraphy – all are imbued with the artist’s own inspired perception of/relationship with The Real. With this in mind, Chishty Foundation has sought to showcase the works not just of well known artists – masters of their mediums – but also the work of “undiscovered” artists with that rare combination of spiritual passion and creative talent.

The ethos of our exhibitions is rooted in the concept of Spiritual Poverty, so there are no famous names to be found here, rather it is sincerity and mastery for the sake of something deeper, something higher that draws both artists and audiences in, year after year.

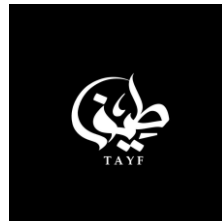

It continues to be our privilege to host both art and artists here in the holy precincts of Ajmer Sharif and to send them with blessings to many collaborative spaces world-wide, bringing together people from all walks of life with the Sufi message of peace and love through that universal language – Sacred Art, Music, Poetry, Writing, Culture and Traditions.

## PARTICIPATING OF INTERNATIONAL ARTIST

You meet the best people when you are in movement, walking true to your heart. If it takes courage you will meet more beautiful courage.  
If it takes faith and authenticity, you will meet much more faith and rich authenticity Move forwards and the best people move towards you - Sufi Musafir
